**MIA - GSPCA (09096 76397)**

Mia named after the film Mama Mia. Our lady is a lovely girl, a looker and knows it. But best of all she sings better than Meryl Streep, her number is 09096 76397.

**TANNER - GSPCA (09096 76397)**

This handsome gent is getting on in years but no one has the heart to tell him. He loves running around the fields and going for walks around the road then being fussed and getting hugs from anyone. He is looking for a home to retire to where he can be the only dog and get all the attention he wants.

**SAM - GSPCA (09096 76397)**

Collie 9 years, likes to be only dog. never been around children. This older man is looking for someone to show him what comfort is. He is very sweet obedient and loving and just needs somewhere to call home. He will need some house training and he has never been with other dogs or children so we cannot say what he would be like but judging by his personality he should be fine with children over 10.

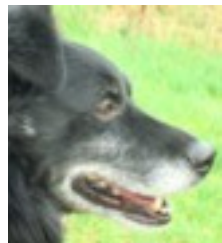

**DOLCE - GSPCA (09096 76397)**

Female. Dolce is a very sweet and loving older Lady!!! She would grace any home with her wise old ways and would be a loyal companion in a crazy world. She would love to have a quiet home with gentle people so that she can show how wonderful she is.

**BELLA - GSPCA (09096 76397)**

Bella is a very affectionate mature lady who sadly has been with us for some time. She really deserves a home of her own and would be a very loyal and loving companion. She would love quiet people to give her plenty of love and attention so please give her a chance.

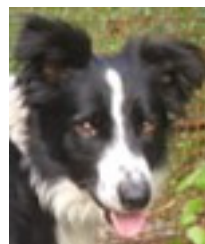

**SHEP - GSPCA (09096 76397)**

Male. Neutered Black & White Collie X. 5 years. Friendly. Shep has been with us some time, but is a great little dog " he is obedient and affectionate and gets on with female dogs, not keen on males but not aggressive just steers clear. He has his own little quirks and anyone willing to offer Shep the home he needs should be willing to put a little time in getting to know him. Treats will get you anywhere with him.

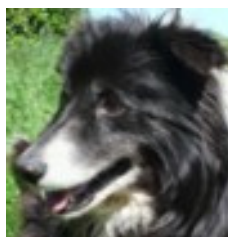

**WALTER - GSPCA (09096 76397)**

Dear old Walter is a truly wonderful senior gentleman who is looking for a special person to be his loving companion. He has a simple dream, to cuddle up on a rug in front of a fire, all safe and warm in his new home. Can you make his dream come true?

**PALMER - GSPCA (09096 76397)**

Palmer is a very handsome devil with a twinkle in his eye. He is active and playful and wants so badly to have his own home. Do you have time and energy for such a lovable guy?

**HOWIE - GSPCA (09096 76397)**

Male 7 +  
Very sweet and affectionate loves attention. Suits a family with older children. Fine with females but is not fond of other males. Doesn't suit a home with small animals.

**OCEAN - GSPCA (09096 76397)**

1 year old Collie, quite timid at first but has a really nice nature once she gets to know you. Is fine on lead and with other dogs. Fine with older kids. With time and patience from the right owner this dog will really shine as its clear she has so much potential.
